## Foreword by Ms Lies Janssen FISEC President

In just a few days we will all meet again for the FISEC Summer Games in Lignano Sabbiadoro. Thanks to the commitment of FISIAE, represented by Fedora Parisse Leali, we can have our Games this year!

Despite the very short preparation time, and many uncertainties in the participation by member countries, Fedora and her team from FISIAE and CONI, have been able to prepare FISEC games with all the components that make our games the FISEC games: excellent sports facilities and accommodation, great venues for the Bazar and Mass and an expert team of referees and supporting staff, thanks to involvement of CONI.

I want to thank our friends from Malta here, because they have offered their vast experience with organizing the games, to Fedora and have been assisting her with many preparations.

Participation in these games is rather modest. Unfortunately some of our member countries decided not to participate this time. The Bureau is in touch with these countries to re-establish their participation for the future.

On the other hand, we are happy to welcome a delegation from India and for the second year in row a delegation from Palestine.

Realising these games has been challenging, now it is up to us all to make these games into real FISEC Games and to honour the work of our Italian friends and the motto they have chosen.

**GIOCHI DELLA SPERANZA**  
**"CREDERE E' VINCERE."**  
**THE GAMES OF HOPE**  
**"BELIEVING IS WINNING."**

We look forward to seeing you in Lignano,  
On behalf of the FISEC Bureau  
Lies Janssen  
President

## MEDICAL ISSUES

### The European Health Insurance Card (EHIC)

The European Health Insurance Card (EHIC) allows access to state-provided healthcare in all EEA (European Economic Area) countries and Switzerland often for free or at a reduced cost. However, it is important to have both a European Health Insurance Card and a valid private travel insurance policy. Many insurers now insist you hold an European Health Insurance Card to be covered, this varies from insurer to insurer please check with your insurance company. The card **is not** an alternative to travel insurance. It will not cover any private medical healthcare or things such as mountain rescue or lost or stolen property.

The Brazilian, Indian and Palestine contingents **are not covered in** any way by the EHIC.

### Medical coverage at the venues

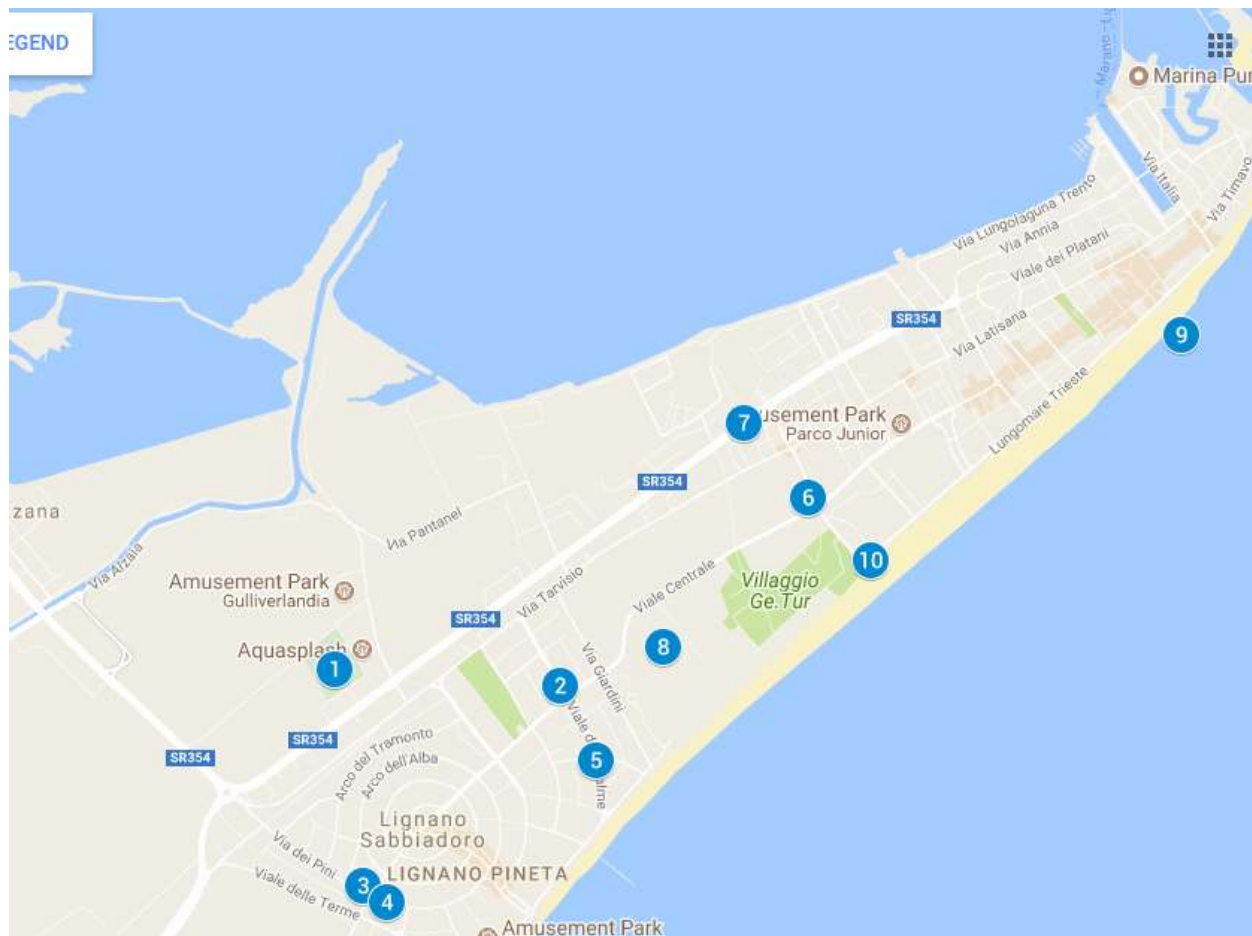

First aiders will be present throughout all the competitions..

### Medical coverage at the hotels

All hotels have a system for medical assistance in place and contingents are encouraged to contact reception in the event of medical emergencies at the hotel. Contingents are also requested to contact the FISEC Secretariat at Stadio Teghil for further assistance in these situation.

## **OPENING CEREMONY**

The Opening Ceremony will be held on Monday 3rd July. All contingents will do a march past through the streets of Lignano, leading them to Terrazza a Mare.

More information will be given in the Information Booklet upon arrival.

## **CLOSING CEREMONY**

The Closing ceremony will also be held on the beach where a stage will be installed just for this occasion. All team trophies will be handed to their deserving winners as well as the fair play trophies. The FISEC Flag will then be handed to next year's organisers – Genk, Belgium

## **MOTTO**

**The Games of Hope**  
**"Believing is Winning"**  
**I Giochi della Speranza**  
**"Credere è Vincere"**

## **BAZAAR**

It has now become a FISEC tradition to hold the annual bazaar during the week of the Games. The Bazaar was organised for the first time in Malta, during the FISEC Games 1997. All countries are reminded to tell their athletes to bring a souvenir for this occasion.

This year the Bazaar will be held on Thursday, 6th July, on the site of Campeggio Sabbiadoro, where a lot of our delegations will be staying. It will be a feast of colour, culture and friendship.

It's up to the countries to put up their stalls as attractively as possible and provide the necessary manpower to take care of the stall during the bazaar evening.

## **YOUTH FORUM**

The Youth Forum saw its conception during the Malta Games 2004. Selected athletes from each country meet together to share and exchange ideas, opinions and the cultural traditions of their particular country. Since 2004, this forum has kept its annual appointment and this year will be held on ... (more information about the Youth Forum).

The Forum will be held on Tuesday, 4th July at the Stadio G. Teghil. All countries are reminded to choose a boy and a girl from their contingent to represent their delegations during this exchange of ideas.

## **THE FAIR PLAY AWARDS**

After discussing with youngsters from all the different participating countries, in the Youth Forum 2009 in Portimao, 2010 in Tours and 2011 in Lisbon, the most important things for them were:

1. doing the best that you can
2. being part of a team (friendship + having fun)
3. feeling Fair Play for everyone.

The discussion gave evidence that Fair Play = a universal language

Resulting in "Everyone is a winner"!

The most important arguments for a positive evaluation for the Fair Play Awards:

1. Positive behaviour towards the other athletes (participants)
  - = no cheating
  - = no aggression
  - = accept defeat
2. Positive behaviour to the referees
  - = accept decisions
  - = own up to mistakes (be correct / respect the truth)
3. General behaviour to the organisation
  - = respect for all the organizers
  - = respect for all the materials
  - = being polite, thinking on friendship!!!

**Based on all these principals we like to continue organising before and after the matches during the competition, the circle of Fair Play before the match and the lane of honour after the match.**

**Based on all these principals we are following the evaluation system for the Fair Play Awards, for each sport, for girls and boys.**

#### Team Sports:

- After 2 days of competition and at the end of the competitions there are given points by:
  - the referees (in group) for both teams
  - those responsible from the Organising Committee (COJFI) for both teams
  - the OTI for both teams
- according to the upon principles you give a score from 5 (the best) to 1
- in case of exceptional gests of fair play it will influence of course the score for this team (more or less) and we ask to notice this on the evaluation form with some comments

#### Individual Sports:

- 2 times during the Games there are given points by:
  - those responsible from the Organising Committee (COJFI) for each team
  - the OTI for each team
- according to the upon principles you give a score from 5 (the best) to 1
- in case of exceptional gests of fair play it will influence of course the score for this team (more or less) and we ask to notice this on the evaluation form with some comments

The OTI gives the score sheets to the president or secretary of the CTI (after 2 days of competition and after 4 days of competition; the last day of the Games you can join the results for the teams who had competition the last day)! In case of exceptional gests they are noted specially.

Last day before the closing ceremony there will be a meeting with:

- president and secretary CIRPP
- all the OTI's
- president and secretary CTI
- representative(s) of the Bureau.

They will do a deliberation after having counted all the day scores and having made a report with the exceptional gests.

During the Closing Ceremony the president of the CTI will explain in a few words the arguments for taking decision for the Fair Play Awards and in case of exceptional gests!

Herman Van Driessche  
President CTI

## LIGNANO SABBIADORO

**Sabbia d'oro** means golden sand in Italian and whoever visits this beautiful place will definitely agree that this is a great way of naming this wonderful corner of Italy. Lignano Sabbiadoro is a town and comune within the province of Udine, in the Friuli-Venezia Giulia region of north-eastern Italy. It is one of the main summer resorts in northern Italy and on the Adriatic Sea coast.

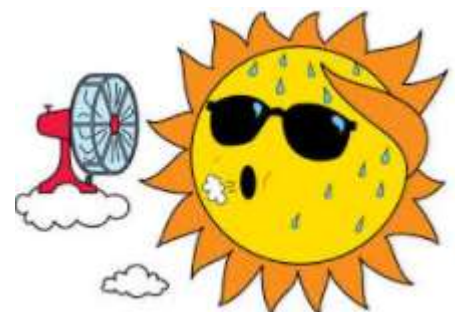

The mooring complex (marina) of Lignano is the largest in Italy and among the largest in Europe, having more than 5,000 berths.
